DCX DC Drives	Revision Level: A Date: 10/19/2015

PRODUCT OVERVIEW

The DCX, brand-labeled for Boston Gear by Fincor, was a chassis mounted DC drive configurable for either 115 or 230 V and was for DC motors rated between 1/12 - 3 HP.

DCX
DC Drives

CURRENT LIFECYCLE STATUS

The current status of the DCX DC drives is "Obsolete". Control Techniques no longer provides repair services or replacement part support. Production capability of DCX drives no longer exist. Upgrade assistance to current product is available.

PENDING LIFECYCLE STATUS CHANGES

None.

REPLACEMENT PRODUCT

The **Unidrive M200*** is the recommended replacement product for the DCX products. *Please note: the current products replacing the DCX drives are actually AC drives, not DC. We recommend replacing the DC drive and motor with an AC drive and motor.

For full details of the Unidrive M product range or if you need assistance with product selection and conversion please visit the Unidrive M page on the Control Techniques website.

Please visit our Upgrade Assistance page for product upgrade assistance and contact information.
